HUMAN RESOURCES ISSUES

Position Update

Included in this section are documents identifying changes to the total number of County positions. The total position count as of the FY 2006-07 adopted budget on June 27, 2006 was 18,301. Changes approved by the Board in the First and Second Quarter Budget Reports resulted in a revised total of 18,571. Approval of the recommended position changes summarized below will result in a revised total of 18,581 positions.

Department Position Change Requests

Detailed departmental position change request information is included in the Budget Issues section. Approval of these changes will result in the addition of 14 positions, and the deletion of 2 position for a net of 12 position additions. One of the new positions is funded by the General Fund.

Vacant Positions

The *Vacant Positions-Aged* document displays vacant positions by the length of time they have been vacant. Most vacant positions have been vacant nine months or less and are a result of normal turnover. The *Vacant Position Analysis* displays vacant positions and the CEO's review of those positions. This quarter, no long-term vacant positions are recommended for deletion.

Expiring Limited-Term Positions

The *Limited Term Positions* document displays the review and recommendation for limited-term positions that have expired or are about to expire. Recommendations are to delete positions if the original purpose and funding has expired; to extend the term if funding has been extended; or to convert to regular status if the need remains and the funding has become permanent in nature or is based on automatic annual allocation without the requirement for annual County funding applications. This quarter, 786 positions are recommended for extension based on continuing need and funding, 11 positions are recommended for conversion to regular status, and two positions are recommended for deletion.

Total Positions

The *FY 2005-2006 Position Summary* displays the total number of positions by program and department. The *Authorized Budgeted Positions* document displays the total number of County positions over the last five years.

Recommended changes to the Master Position Control are summarized in the *Position Change Summary*.

Classification Issues

Approve the following revised title and minimum qualification changes effective May 8, 2007:

	<u>Title Code</u>	<u>Title Description</u>
From:	4107GE	Comprehensive Care Medical Assistant
To:	4107HP	Medical Assistant

The Health Care Agency (HCA) requests approval of revised title change and minimum qualification changes for the Comprehensive Care Medical Assistant. The proposed new title is *Medical Assistant*. HCA also requests the classification be moved from the County General Unit to the County Healthcare Professional Unit. This change will allow, if applicable, the new classification to be eligible for Jail Supplemental Pay, Article I, Section 4.E.1. No salary range movement is requested.

The change in title will allow HCA to utilize this position in both Public Health and in the correctional facilities. The minimum qualification has been slightly modified to require, at the time of hire, certification in phlebotomy or certification of course requirements and skin puncture, versus current classification specification requirements that the certification must be achieved prior to an incumbent passing probation. There is no negative impact to current employees.

RESOURCES & DEVELOPMENT MANAGEMENT DEPT. (RDMD)								
080	L07003	ADMINISTRATIVE MANAGER III	06/30/07			1	General Fund	This position is required due to the restructuring of Public Works and implementation of the Project Management Division in order to more efficiently deliver our capital improvement projects. Workload increases due to voter's approval of the State's Infrastructure Bond Measures in November 2006, will create larger Capital Improvement Programs (CIP). Road's CIP will grow considerably as a result of Propositions 1A and 1B. Similarly, Propositions 1E and 84 will enhance Flood's CIP. For these reasons, department request to convert position to regular status.
